

SHELTERING from the storm

Virtual Fall Fundraiser

September 15

11:45 AM
Community
Conversations

12:15 PM
Virtual Program

Join us at **Community Conversations**, this year's pre-event social!

Let's learn together, as we share our experiences, discuss issues close to our hearts, and connect with friends from the community, and The Sophia Way staff and board members.

The virtual social gathering will be for 30 minutes, from 11:45 AM to 12:15 PM, followed by the virtual fundraiser program.

You can choose from four rooms and be a part of the conversation around an issue that speaks to you. We will be sending the registration link on August 3.

Homelessness during the Pandemic

How the pandemic is impacting women (and others) living without a place to call home.

Moderator: Molly Bowen, Program Manager

Scared, but Resilient

Finding shelter and stability on the Eastside for women is challenging. We'll talk about who are the women seeking shelter and explore what it takes to find an affordable apartment.

Moderator: Dietra Clayton, Director of Client Services & Shelter Programs

Personal Stories

Share your story or experiences. It could be about meeting or speaking to someone who is/was experiencing homelessness, or volunteering at a shelter, or advocating for more housing. Did it change your perspective about homelessness?

Moderator: The Sophia Way Board Member

Network

Have conversations and get to know people with shared interests and values.
