

Grateful

Dear Friends,

I am delighted to present [The Sophia Way's Gratitude Report 2020](#).

Thank you for walking alongside the women and supporting them in the year of the pandemic. Because of you – they are stronger and thriving.

We are excited by the possibilities that lie ahead. Our strategic framework, [The Sophia Way Forward](#), will help us build capacity and resources, while creating partnerships to drive solutions to support those experiencing homelessness.

Please [read the report](#) and share it widely. If you have questions about the report or our strategic framework, please reach out to me. As always, we are grateful for your commitment to provide women with shelter, safety, and stability.

In Gratitude,

Alisa Chatinsky
Chief Executive Officer
