

Dear Sujata,

We give our **heartfelt thanks to the community of volunteers** that give every day, in many different ways – YOU make a difference!

Over the last year, volunteers stepped up to support women, giving them comfort with nourishing meals, joy with treats and birthday celebrations, and smiles with holiday gift bags. **Your selflessness means so much** to the women at The Sophia Way.

We are now **ready to invite volunteers into The Sophia Way's shelters** – Helen's Place and Sophia's Place. We have missed having your presence and support and look forward to having your support in shelters once again. If you are interested in volunteering, [please let us know](#).

Thank you for sharing your time, energy, and skills – we are forever grateful for your kindness and dedicated support.

With gratitude,
